DESTINATION VIKHARABAD

"The Ridge" is etched in a secure, non-polluted green environment of Vikharabad, surrounded by the Anantgiri Hills, a forest region and the source of the legendary River Musi.

Vikharabad originated almost at the same time of Hyderabad and was known as the hill station of Deccan. Today it is a hub of development with all modern amenities such as schools, colleges, shopping arcades, resorts, research centres and hospitals, spread over 3,386 sq kms, neighbouring to Sangareddy, Ranga Reddy and Mahbubnagar districts.

The Ridge is located just 6 kms from the mainlands of Vikharabad where the prevailing price range is between Rs. 75k - 100k per sq yard for commercial plots & a residential colony 3.5 km before is priced at 25k per sq yard. The drive towards "The Ridge" from here, takes you to a high escalated point from where the horizon can be sighted in its wholeness.
